

## Setting Up Application Environment

### Creating an account in SendGrid

#### Creating an Account in SendGrid

The screenshot shows a web browser window with the SendGrid application. The browser's address bar displays the URL `app.sendgrid.com/guide?from=profile&integrate=true`. The SendGrid logo is in the top left corner of the page. A left-hand sidebar contains a navigation menu with the following items: Aswini Chittibabu (with a dropdown arrow), Dashboard, Email API (with a dropdown arrow), Marketing (with a dropdown arrow), Design Library, Stats (with a dropdown arrow), Activity, Suppressions (with a dropdown arrow), Settings (with a dropdown arrow), and Twilio SMS (marked as NEW). The main content area features a large blue banner with the text "Welcome, Aswini!" and a sub-header "To get up and running quickly, please follow the steps outlined below." To the right of this text is an illustration of two people jumping. Below the banner is a section titled "Send your first emails with Twilio SendGrid". Underneath this is a card titled "Send your first email" with a dropdown arrow. The card contains the text "Choose one of these common ways to send email. You can always explore the other options later." and two options: "Integrate using our Web API or SMTP Relay" (with a code icon) and "Build and send using Marketing Campaigns" (with a megaphone icon). The Windows taskbar at the bottom shows the system clock as 14:37 on 05-11-2022, along with weather information (32°C Cloudy) and various application icons.
