Creating an Account in SendGrid

The screenshot shows a web browser window with the URL `app.sendgrid.com/guide`. The browser's address bar and tabs are visible at the top. The page content includes a sidebar on the left with navigation links: 'gokul anandh', 'Dashboard', 'Email API', 'Marketing', 'Design Library', 'Stats', 'Activity', 'Suppressions', and 'Settings'. The main content area features a welcome message 'Welcome, gokul!' and a blue banner that reads 'Send your first emails with Twilio SendGrid'. Below the banner, there is a section titled 'Create a sender identity' with a dropdown arrow. The text explains that a sender identity is needed before sending emails and offers two methods: 'Create a Single Sender' (highlighted with a blue button) and 'Authenticate a domain instead'. An example email header is shown: 'Your Business <jane.doe@your_business.com> to me'. The bottom of the screen shows a Windows taskbar with the date and time as 1:00 PM on 11/11/2022.
